

Panopto CourseCast Student Instructions

Panopto CourseCast allows instructors to record video and audio classroom lectures including the instructor, the whiteboard and the computer's desktop for later playback. Students have complete control over the playback using built-in playback controls.

NOTE: Panopto CourseCast lectures can be viewed on a number of computers and browsers including Windows Vista, Windows 7, Windows XP, Mac OS X (Intel only), using IE, Firefox and Safari web browsers.

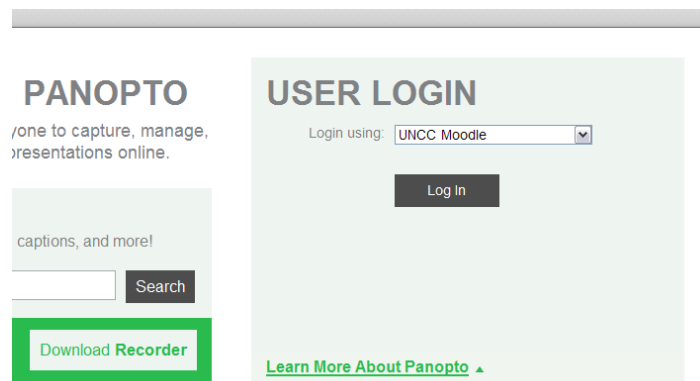

STEP 1 Install Microsoft Silverlight	
<p>1. Install Microsoft's Silverlight plugin before you view a CourseCast lecture at http://www.microsoft.com/SILVERLIGHT/.</p>	

STEP 2 Log into Blackboard Vista or Moodle	
<p>1. Access your course in Blackboard Vista. (not illustrated)</p> <p>2. Click Web Links.</p>	

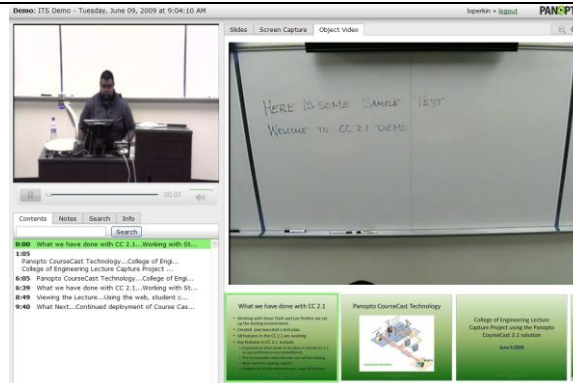

STEP 3 Access Course Web Links in Bb Vista or Topic Link in Moodle

STEP 4 Log into Panopto

1. Under other Login Providers next to UNCC Moodle select "Log In"
2. In the "User Name" field, type your NinerNet username.
3. In the "Password" field, type your NinerNet password.
4. Click **Log In**.

**STEP 5 Panopto CourseCast Preview Window**

1. The CourseCast window is displayed.
- NOTE:** Course playback begins automatically; however, you may use the playback controls to navigate the recording.

**STEP 6 How-To Video**

For additional information on Panopto CourseCast playback, please view the following "How-to-Video": <http://v2.panopto.com/CourseCast/Viewer/Default.aspx?id=015d49d1-56a8-4d3b-87a7-3cba243431f1>

STEP 7 Technical Support

Students who are unable to view lectures after installing Microsoft Silverlight and verifying the course username and password provided by their instructor may call the [ITS Student HelpDesk](#) at **(704) 687-6400** for additional assistance.
