The Smart Classroom: Using the DVD

The Smart Classroom podium comes with a DVD player that you can use during your class. It works just like your DVD player at home, except you use the podium touch panel, instead of a remote.

There are two panels for DVD functioning; basic and advanced. Which touch panel you use may depend on the DVD disc or what controls you need while playing the DVD.

**STEP 1  Start the Smart Podium**

1. If the Smart Classroom podium is not already on, tap on the touch panel to get it started.

**STEP 2  Begin - Insert DVD**

Everything on the DVD Player can be controlled by the touch panel, including inserting/ejecting.

1. Press the **DVD** button.

STEP 4 Open DVD Tray

1. Press the **Eject** button.

![Diagram of DVD player with Eject button highlighted]

STEP 5 Insert DVD, Close Tray

The DVD tray should open from the left side of the player in the Smart Classroom podium.

1. Put the DVD in the tray.
2. (see Step 4) Press the **Eject** button.

Your screens may look different depending upon your configuration.
**STEP 6 Other Advanced Functions**

All DVD player options can be controlled with this touch panel.

**BACK TO MAIN PAGE** - takes you back to the Basic DVD Panel.

**PLAY**

**STOP**

**PAUSE**

**Eject**

**DVD MENU** - If your DVD has a disc menu of some type, e.g. a commercial DVD, it will take you to that menu. If it has nested, or parent and child, menus it will take you to the parent menu of whatever child menu you are viewing.

**FF** - Fast Forward

**REW** - Rewind

**PREVIOUS CHAPTER** - Will skip to the previous chapter of the DVD if the DVD has chapters.

**NEXT CHAPTER** - Will skip to the next chapter.

**▲ ▼ ◀ ▶** - Allow you to navigate up, down, left and right within the DVD disc menu.

**ENTER** - Accepts the selection on the DVD disc menu.

**NOTE:** For Video or Volume control press the **BACK TO MAIN PAGE** button and see STEP 7.

1. When you are finished viewing the DVD, press the **Eject** button and proceed to STEP 8.

Your screens may look different depending upon your configuration.

#### STEP 7  Basic - Video Functions

To control the volume of your DVD disc use the VOLUME controls on the touch panel.

**Volume Up**

*Mute* - is a toggle; push it once to mute the audio, push it again to hear the audio.

**Volume Down**

*Mute Video* - is a toggle; push it once to turn the video display off, push it again to turn the display on.

**NOTE:** It will take a few minutes for the video to be projected again.

**Basic Functions:** These can be used to control the DVD disc if you do not need chapter or DVD disc menu functions.
